

...TR9's Camp to Wellington...

TR9 travelled to Wellington, we experienced new things, bonded as a class and a family. We stayed in Wellington for 4 days, visited 2 schools and attended 3 central city attractions

Day 1: Tuesday

Settled in ready to fly just waiting for the plane to set off. Landing in Wellington was wet, cold and rough especially when Wellington has the smallest runway. When we reached the marae there were minor setbacks so we decided to drive to McDonalds for dinner. At the marae we worked our way around the problem.

Day 2: Wednesday

Wednesday we sorted our schedule and set off to Parliament were again there was another set back and a fire drill but we powered through the problem and eventually we earned a tour around Parliament and Beehive. A few hours later we arrived in at a school named Petone Central School, the principal there was our former Team leader in Te Roopu Reo Rua and she put on a show and served an amazing feed.

Day 3: Thursday

The next morning we set off to Weta Workshop where we experience the specialty behind special effects, costumes and more it was exhilarating. After attending Weta we drove to the park for lunch, I really enjoyed the time my friends and I spent there with my friends. We then made our way to Te Papa Museum where we learnt a lot about New Zealand History, New Zealand Creatures and a lot MORE, Matua Poia's group even got a private tour escort from one of the security guards. Overall the day was "Astonishing"

Day 4: Friday

On the 22nd we went to Te Ara Whanui they were so Amazing at singing. We had so much fun playing kahoot and singing songs we made so many memories. When we left the school we had to hurry to the airport because we had to take the rental vans back. Our flight was at 8:00 but we had to be there by 6:00 to check in

...TR9's Camp to Wellington...

Reflection:

In our opinion we honestly do miss camp, it was such an excitement for all of TR9 because some of the students have never been on a plane or been to Wellington.

I would like to thank all of the kaiako and parents who supported our fundraising and who made the experience possible.
