

Draw what you see outside your front door.

Create an obstacle course outside and time yourself and your family completing it. Try and beat your time over 3 days. Make a graph of your results.

Ask your parent for 5 long words starting with the letter D. Find out the meaning of those words and write them in a sentence.

Make your pet or soft toy its own bed or house.

Write a song or poem about caring for our environment.

Spend some time cloud watching. What images can you see? Use them to write in a story.

Make a map of your house. Either draw it or make a video room tour and explain the interesting features of your home.

Magic Math Trick ($x=2$)

1. Think of a whole number 1 through 10
2. Double it!
3. Add 4
4. Divide by 2
5. Subtract the original number

Is the numeral 2?!

Visit [The Math Lab](https://www.themathlab.com/) for the algebra behind this math magic!

Ring a relative and do this trick on them!

Write instructions on how to make your favourite sandwich or favourite lunch. Ask someone to help you make the lunch for the family!
