This is a letter regarding our children. As we all know we are going into lock down due to the Covid-19, so I ask that you please keep safe and look after yourself and your children. Make sure that they are kept warm, and to drink a hot lemon drink with slices of lemon inside, everyday if possible if not just warm water.

There is school work provided for the children from their teachers to complete and keep them busy during this time.. As for SM4/SM5 they have school work provided online and google classroom. SM1/SM2/SM3 they have packs given or online work. Please allow some time and support the kids to complete their school work. Thanks.

Parents, I give you my sincerity and the teachers of Sia Moui wish you all the love and best during this difficult time. May you find peace and calm during this time. God bless.

Ofa atu mo e lotu

As you may be aware, the school will be closed for the next four weeks due to COVID 19 lockdown. The literacy and numeracy work that students will be doing at home can be accessed through Google Classroom. Please remind your child to check for regular updates on google classroom for the activities that need to be completed. There is another option, your child may choose from is our school online learning website. They can also go to read theory, Epic and study ladder. The child can choose what he/she can do.

Thank you and stay safe.
