TO WHOM IT MAY CONCERN,

Re: Report “Our Schooling Futures – Stronger Together”

I have read the recommendations made by ~~_____~~ → the Review Group.

- I **do not** want a hub that will tell my school what to do
- I **do not** want our Principal and Teachers to be taken away from our school by others.
- Our school has programmes to suit our community and I **do not** think people outside our community will know what is best for our children.

Some things in Issues 2-8 are acceptable but we do not need a “hub” or big re-organisation of systems to make these happen.
